

A Tree is a Home ...

ACROSS

- 6 I begin life as a caterpillar. I find a tree and spin myself into a cocoon.
- 8 I'm born in water and love the water, but also climb trees. I say "Ribbit!"
- 9 I may spin my web in a tree.
- 10 I live in Australia and eat eucalyptus leaves.

DOWN

- 1 You may see me hanging upside down from a tree branch, sound asleep.
- 2 I sometimes live inside a tree. I make honey.
- 3 I live in a tree, but some of my cousins live in the ground. I hunt at night. You may hear me cry "Whoooo?"
- 4 I swing through the trees.
- 5 I store up nuts for the winter.
- 6 I build my nest in a tree. I lay eggs.
- 7 I often have my babies in a hollow tree. I'm sometimes called the "masked bandit."
- 9 I can slither up a tree and coil myself around a branch.
